

SYNERGY BLEND ALFALFA

THE MIXTURE

Synergy Alfalfa Blend consists of only our most elite certified varieties. The unique characteristics of each variety should deliver an alfalfa blend that will excel under varying conditions.

Showdown Alfalfa -will excel in well drained areas

Stealth II Alfalfa -top performing variety in well drained areas

Foundation APR Alfalfa -will excel in heavier/damper areas

Matrix Alfalfa - large low crown, creeping root, aggressive creeping habit

SHOWDOWN

- Will excel in the well -drained loamy sections, while adding extra quality
 - High level multifoliate leaf expression
 - Outstanding yield potential
 - Excellent regrowth

FOUNDATION APR

- Will excel in heavier or damp section of the field and help protect against Aphanomyces Race 2
 - Early - medium maturity
 - Fast recovery
 - Multifoliate, fine stemmed
 - Excellent persistence

STEALTH II

Will provide an alfalfa stand that is easier to harvest and protects against lost forage quality and yield. The earlier maturity of Stealth II will provide an aggressive blend with an increased harvest window and higher quality.

- High Yielding • Fast Regrowth • Improved Standability • Multifoliate

MATRIX

A new generation creeping root with a large low crown and late maturity.
