

# IMPERIAL SELECT BRAND ALFALFA

## The Crop

Imperial Select Brand is a blend of alfalfas that are grown in Western Canada. These alfalfas have been selected for their winterhardiness, regrowth, quality and disease resistance. Ideally suited to be planted alone or in combination with select grasses.

## Features

- Top performing alfalfas
- Blend of multifoliate, trifoliate and creeping alfalfas
- Excellent / very good winterhardiness
- Very good regrowth
- Persistence

## Comments

- Multifoliate expression, improve digestibility and quality.
- Creeping root plants, improved hardiness and longevity.
- Blending alfalfas, improved adaptability to varying soil conditions.
- Local production from fields we know.
- Purity, cleaned to very high standards
